

# Community Solar For Your Energy Strategy

The clean energy incentives you've been missing out on.

08 Years in biz

\$50M+ Savings

500M kwh Enrolled

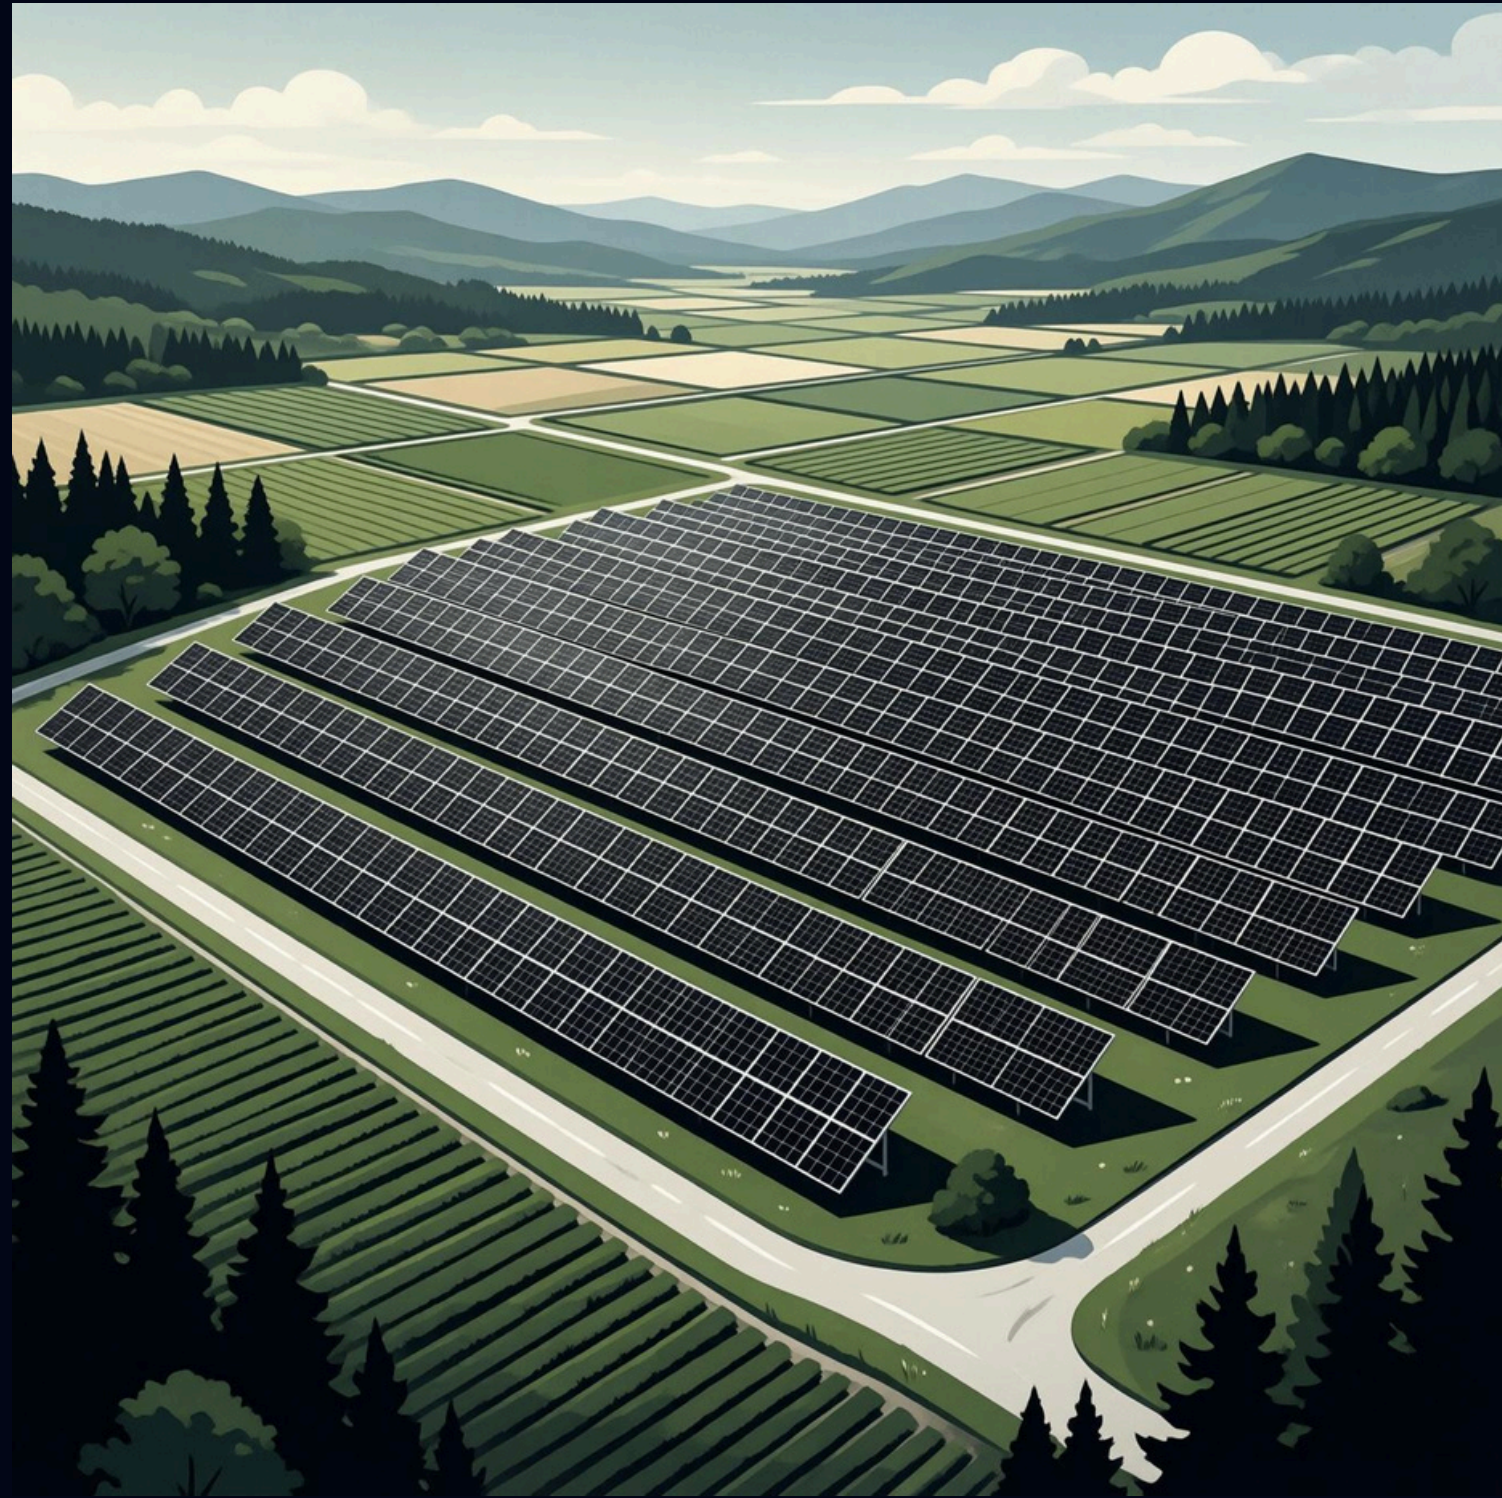

**The Problem?**

**Your campus  
energy budget  
isn't optimized.**

**Therefore, you're paying  
full utility costs- when  
you don't have to.**

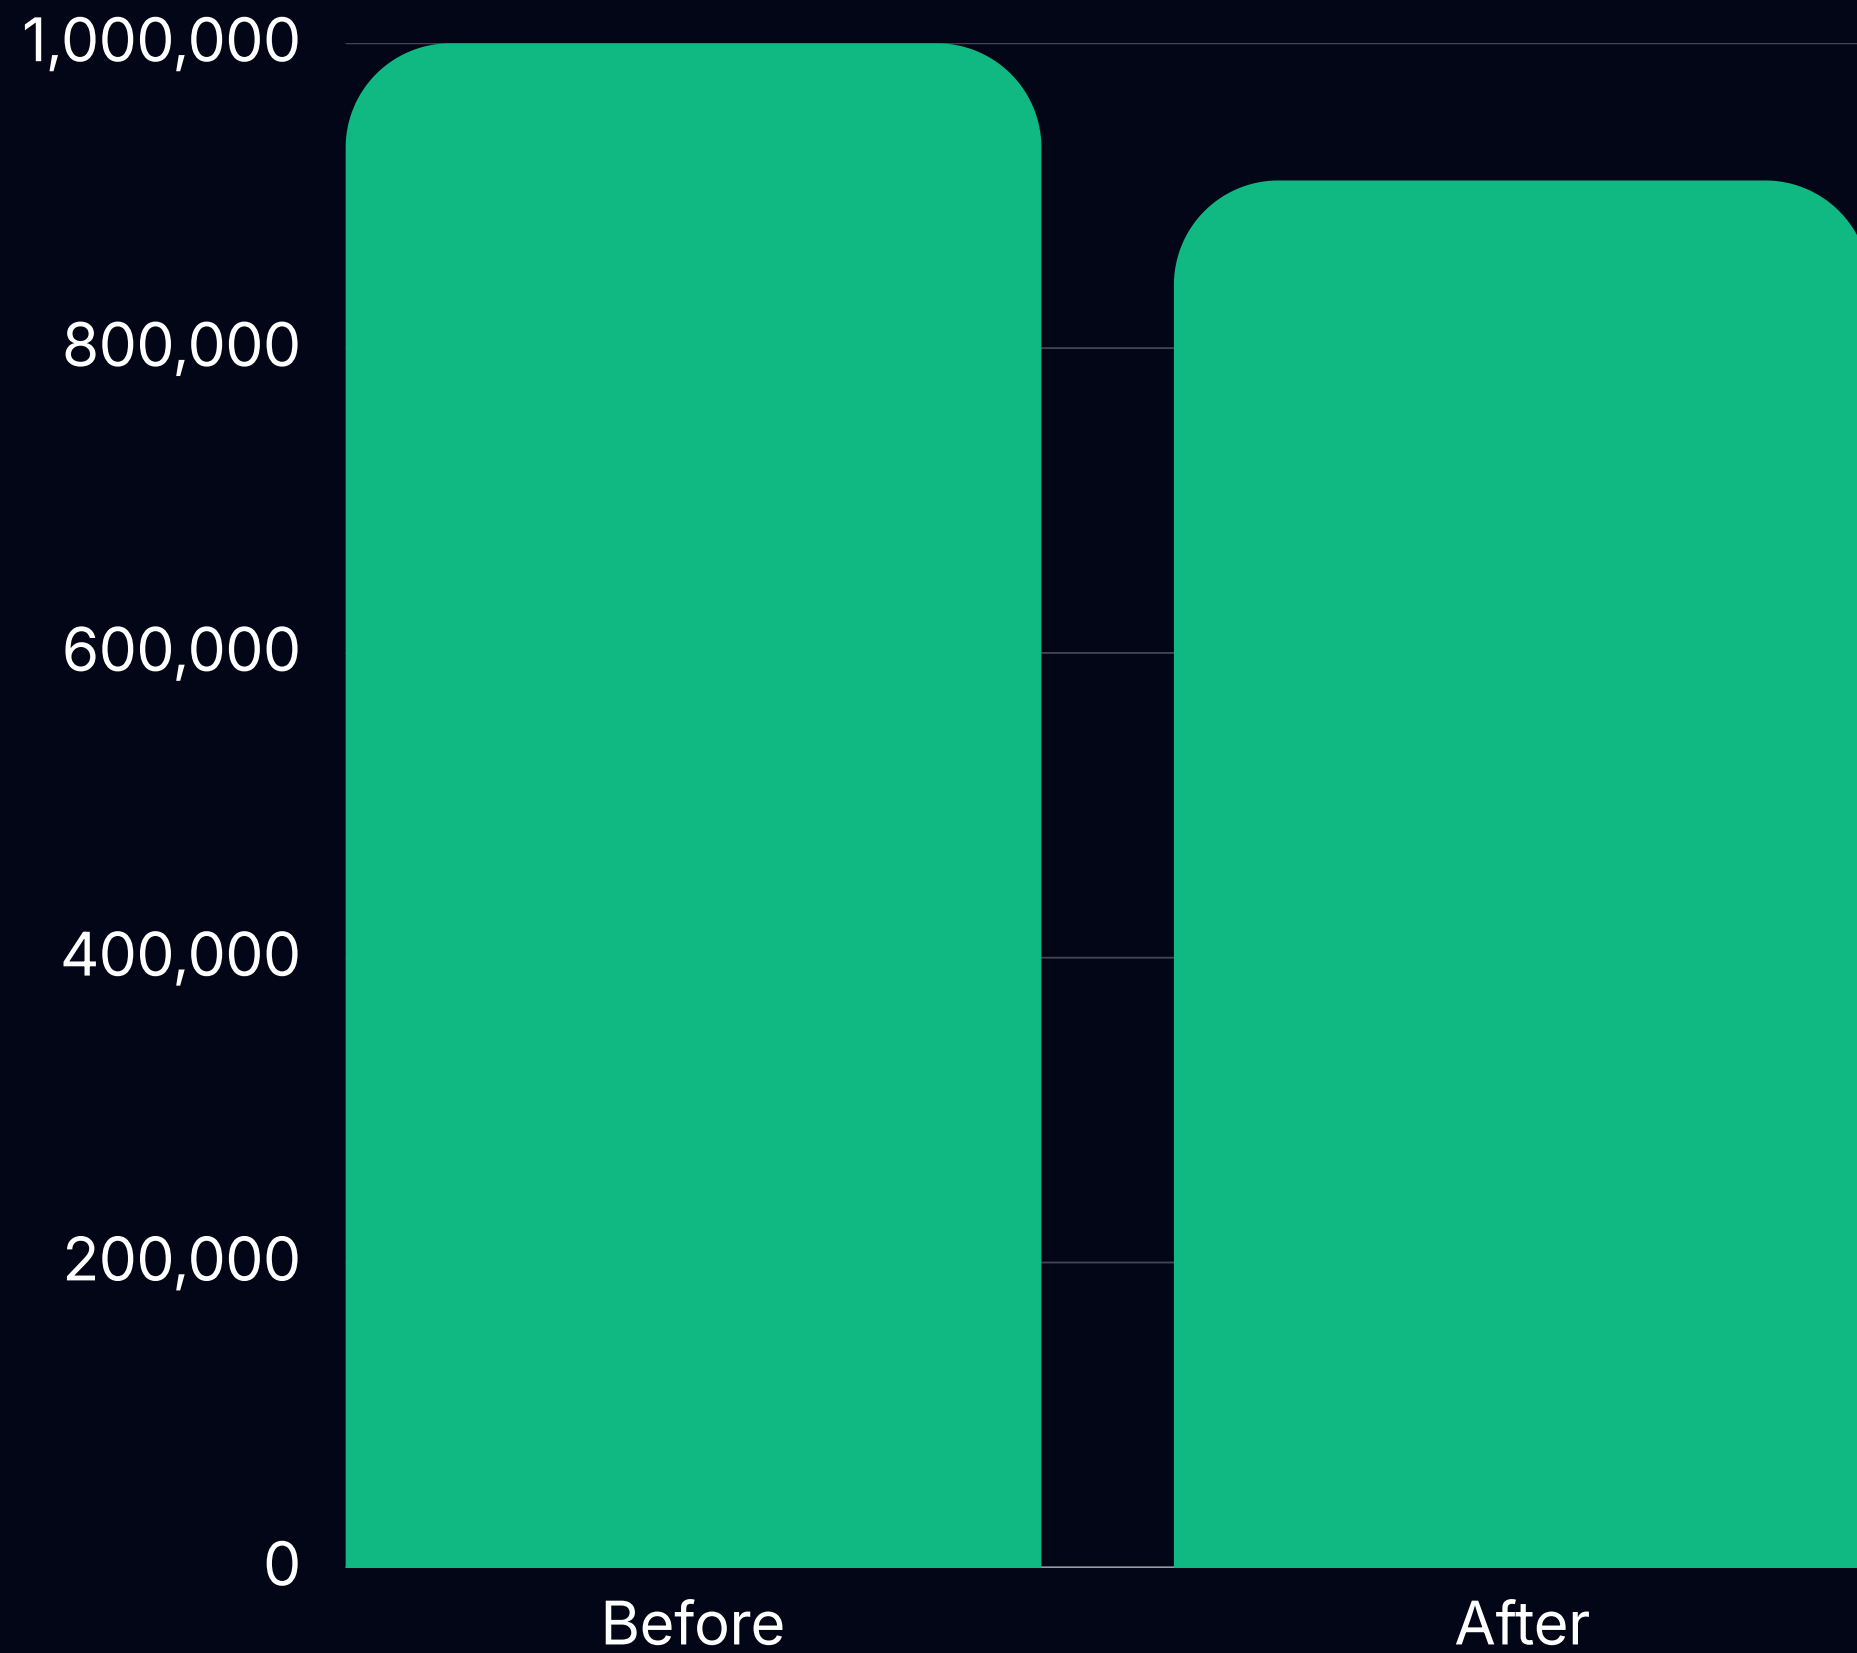

**What's Possible?**

**Lower Energy Costs.**  
**Without Spending CapEx.**  
**Without Installing Solar.**

**How Community  
Solar Delivers  
Lower Energy  
Costs.**

**~\$90K/Yr  
Net Savings**

Would be rerouted back to the client in this example.
